

## 质量检验报告

### Certificate of Analysis

| 产品名称 Product Name: dTTP 100mM solution   |                                                                                     |                             |
|------------------------------------------|-------------------------------------------------------------------------------------|-----------------------------|
| 货号 Catalog No: AF1407                    | 批号 Lot No: SUKWH                                                                    |                             |
| 生产日期 Date of Manuf: Nov.19,2021          | 有效期 Expiry date: Nov.18,2022                                                        |                             |
| 检验日期 Inspection date: Nov.19,2021        | 报告日期 Report date: Nov.22,2021                                                       |                             |
| 储存温度 Store at: -20°C                     |                                                                                     |                             |
| 检测项目<br>Test                             | 检测标准<br>Specifications                                                              | 检测结果<br>Results of analysis |
| 外观<br>Appearance                         | 内外包装完整, 标签正确<br>The inner and outer packaging is complete and the label is correct. | 合格<br>Qualified             |
| 说明书<br>Instructions                      | 内容准确<br>Accurate content.                                                           | 合格<br>Qualified             |
| 性能检测<br>performance<br>detection         | 纯度检测-HPLC > 99%                                                                     | 合格<br>Qualified             |
| 结论<br>Conclusion                         | 结果符合产品质量要求<br>The results meet the quality requirements.                            |                             |
| 备注: 本产品仅供科研使用。请勿用于医药、临床诊断或治疗, 食品及化妆品等用途。 |                                                                                     |                             |
